

Annual Conflict of Interest Disclosure

Sustainable Education Solutions ("organization") requires board members to complete an Annual Conflict of Interest Disclosure during their service to Trinity Environmental Academy ("school"), a public, nonprofit school board. This updated Annual Conflict of Interest Disclosure is to be completed and returned to the organization secretary by September 1 of each year.

A conflict of interest occurs when your personal interests interfere, or appear to interfere, in any way, with the interests of the school. A conflict of interest can arise either when you have interests that may make it difficult for you to fully perform your obligations or when you otherwise take action for your direct or indirect benefit, or the direct or indirect benefit of someone else that is inconsistent with the school's interests. Conflicts of interest also arise when you, or a member of your family, receive improper personal benefits as a result of your position in the school. You have an obligation to disclose any fact, relationship or transaction that could reasonably be viewed as a potential or actual conflict of interest.
